APPROVAL OF STATE ENGINEER
This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the
following limitations and conditions:
This permit is issued subject to all existing rights on the
source. A substantial headgate and measuring device must be in-
stalled and maintained to facilitate the measurement and control
of water. The State retains the right to regulate the use of the
water herein granted at any and all times.
The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and
not to exceed 1.00 cubic feet per second, or a yearly duty of
4.0 acre-feet per acre of land irrigated.
Actual construction work shall begin on or before
Proof of commencement of work shall be filed before December 1, 1962
Work must be prosecuted with reasonable diligence and be completed on or before November 1, 1963
Proof of completion of work shall be filed before December 1, 1963
Application of water to beneficial use shall be made on or before November 1, 1964
Proof of the application of water to beneficial use shall be filed on or before December 1, 1964
Map in support of proof of beneficial use shall be filed on or before
Commencement of work filed OCT 1 2 1962 Completion of work filed 1943 WITNESS MY HAND AND SEAL this 1st day
Proof of beneficial use filed of May 1962
